Do You Remember?

It's hard to believe that just three short years ago we became the enthusiastic members of the Sophomore class. We elected Erickson, Luft, and Carr...we started the year by flubbing our first class yell and ended it by winning the Spirit Jug and promoting class competition... remember "helping" the Seniors paint the hill? Yes, it was a great year, and it was just the first of three of the most enlightening years of our lives.

Then we became Juniors. With this step we also became more sure of ourselves. We elected Long, McDonald, and Dirks...we chose our class rings...we were members of the cast of the first all-school musical, "Lil' Abner", and our own class play, "Mamie's Getting Married"...we created a prom never to be equaled, "Spring-time in Paris".

Finally we entered our greatest, and most meaningful, year. We were Seniors at last. This was the final step toward our goal, graduation. We elected Martin, Clark, and Urban...we painted the hill, on our own this time...we crowned two Homecoming Queens, Mary and Susie, and the Chieftain King and Queen, Wayne and Nancy...and most important to us, we demonstrated just what PRIDE really means.

And, as we look back we have much to be proud of. There are too many memories to list, but the past three years will be remembered wistfully in the years to come by all of us in

ADMINISTRATION

EDUCATORS AND SCHOOL TONE

In music, tone is sound quality. In physiology, tone is a health condition of body, mind and spirit.

A most important factor in the development of TONE is exemplary administrators and teachers.

Educators are charged with the responsibility to provide the leadership that produces a "quality tone", a "healthy tone". Administrators and teachers should discipline their behavior so that students have worthy examples to emulate.

We frequently talk to students of their "get-by" habits in the performing of classroom assignments. Educators must not exhibit "get-by" conduct where moral integrity, citizenship or lesson preparation or other related school responsibilities are concerned!

Another factor that influences school TONE is the establishment of a curricular and extra curricular program that is a challenge to youth and is constantly changing to meet the needs of youth.

A third factor that does influence TONE, is the opportunity for students to be involved, thru student council, clubs, activities, and evaluating teams to feel responsible for the development of the School Programs!

Good School TONE is an everyday job for all, administrators, teachers and students!

The 1968 Larned Indian football season was the best since 1964. At the beginning of the season the Indians were picked to be in the cellar of the league. All of the Indians hard work at practice paid off when Larned won its first game of the season against Lyons, 12-7, in a non-league game. The next five weekends the Indians were up against WCKL teams. The first was Dodge City which rolled over Larned with a 39-13 score; however, Dodge was ahead only 7-6 at the end of the half. Our first home game was against Hays. Both "Tribes" were locked in fierce battle and the game ended in a 7-7 tie. The next weekend Larned was defeated by Pratt 24-7, at Pratt. But Larned rallied its forces to win the next four-in-a-row, beginning with a 19-0 homecoming victory over Garden City. Two more non-league victories for Larned were Kinsley and Ellinwood. Then came the decision of third place in the WCKL between the Indians and the Great Bend Panthers. The Panthers were superior on the night of the contest and the Indians had to settle for fifth.

Coach Geier stated; "PRIDE, plus hard work, dedication, and tremendous desire to win were the ingredients for the success in the '68-'69 Indians."

Larned High School is very active musically. The Music department consists of a concert band, Marching band, stage band, concert choir, and small mixed ensemble. Contained in each group are numerous small ensembles which perform at local programs and at State Music Festival. Each of the major groups do two concerts each year, and the whole department combines to do a major musical show each Spring, this year's show being "My Fair Lady." All groups as well as the solo entries have rated well at State Music Festivals over the years.

During the last few years a music fundamentals course has been added to the curriculum for those students who desire to continue in the music field.

CLUBS

The National Honor Society

The National Honor Society is the most selective organization in Larned High School. In order to be eligible, a student must meet the standards of Leadership, Character, Scholarship, and Service for which the National Honor Society stands. Membership is indeed an honor, but it also carries with it a responsibility. Once a student is a member, he should not only show the qualities which brought about his selection, but also try to improve himself and the conditions around him.

The students are selected by a faculty board which includes the principal, the counselor, and three teachers.

In Remembrance Of Donna Mohr

God hath not promised
Skies always blue
Flower-strewn pathways
All our lives through;
God hath not promised
Sun without rain,
Joy with out sorrow,
Peace with out pain.

But God hath promised
Strength for the day,
Rest for the labor,
Light for the way,
Grace for the trials,
Help from above,
Unfailing Sympathy,
Undying love.
